TO TEACHERS OF BENTON COUNTY

Dear Friends and Fellow Servants—You are aware, of course, that our State examinations are becoming more and more difficult. You, to be sure, must meet this demand for greater efficiency. Not every school can help you to do this. The instruction in Hall-Moody Institute is planned to prepare you thoroughly to pass these trying ordeals. We have yet twelve weeks of the spring term that we are devoting to the work of preparing teachers.

You doubtless know that Hall-Moody has led the State several years in teacher training. We would assure you that we were never better prepared for this work than we are right now. Come with us at once, and let us help you get this dread of examinations off your mind. Besides the matter of examinations, a further reason asserts itself, the best preparation does, or should, secure the best positions and best remuneration. Better still, it makes you a better and stronger teacher.

The future for the teacher is growing brighter, his need is more keenly felt, his services more imperatively demanded, his salary—though little by little—is continually increased. There is scarcely any work that ranks higher than teaching. Without the teacher the world's progress would be blocked. But this great demand, that we speak of, is for the real teacher, not the school-keeper, nor just the novice in the work. In your calling, as in others, the lower round

of the ladder of promotion is crowded, but the topmost rounds are reached but by few. While there, and there alone, is to be found the real pleasure of teaching. With the standard lifted higher, as the State is endeavoring to do, the importance of the teacher, and the demand for real proficiency are emphasized exceedingly. Hall-Moody Institute is the only school in these parts that offers this instruction.

Our enrollment is increasing continually. We hope soon to reach the four hundred mark. Our present large student body is composed of enthusiastic pupils from ten States. Expenses: Tuition is \$4 per month, incidental fees low; good board in the best homes from \$12 to \$13 per month. Thirty dollars will defray all necessary expenses in Hall-Moody for the entire remaining time, twelve weeks, of this spring term. At the same time it should be worth more than one hundred dollars to you in one school year.

Now, the object of this letter is not only to call your attention to our great school and to what Hall-Moody has done and is doing, but also to encourage any worthy ambitious teacher in going on from conscious need to conscious ability. Preparation has ever created its own demand, and shall ever do so. Do not regret the increased requirements by the State, for that means a higher standard. This is certainly desirable from every point of consideration. Let us help you meet this demand.

Three of our teachers have extended experience as instructors in teachers' institutes. The entire

force is selected from the consideration of efficiency alone. We are giving special preparation to teachers with us for the examinations as they come by the State. We already have a number teachers present, and just now, and in the next few days, we expect quite a number more from the different counties round about; then the teacher's course will have full right of way, and every consideration will be shown them till the close of school. Come and join the band. Let's make things merry and exceedingly profitable. Sit down right now and tell us you are coming. Write us at once if interested.

Yours to serve,
M. E. WOOLDRIDGE,
President.

FAMOUS RECIPE OF PRESIDENT'S WEDDING CAKE

Through the courtesy of the Calumet Baking Powder Co., we are enabled to pass along the recipe used by Mrs. Marian Cole Fisher and Miss Pansy Bowen in the preparation of the famous Wilson-Galt wedding cake, which has attracted so much attention throughout the country through the Movie News Weeklies.

Materials used in the cake—Nine cups flour, sifted; four cups sugar, granulated; two and one-fourth cups butter, uncolored, unsalted; three cups milk, skimmed; one-half teaspoon each violet and vanilla extract; one teaspoon rose water; three drops lemon extract; fifteen egg whites; nine level teaspoons Calumet Baking Powder. Quantities above are two and one-half times amount required for usual family size.

Preparation—Assemble all materials before beginning the mixing. Prepare heart-shaped pan eighteen inches in diameter by placing note paper on the bottom to just reach the sides. Grease the sides one inch up and any portion of the bottom not covered by the paper. Do not grease the paper. Sift the flour once before measuring. Measure into the sifter, add the baking powder and sift five times. Cream the butter, add sugar gradually, and cream until white and fluffy. Whip the egg whites lightly into creamed butter and sugar. Pour in the milk, sift in the flour and beat until perfectly smooth. Add the flavoring. Place in a warm oven, temperature about 220 Fahrenheit. Bake at low point of heat, and allow to rise as high as it will before browning over the top. Time for this large cake was two hours.

Meringue icing—Materials for syrup: Four and one-half cups granulated sugar, one and one-half cups water. Materials for meringue: Six egg whites, six table-spoons granulated sugar, one and one-half teaspoons Calumet Baking Powder. Materials for the finish: Three egg whites, six drops rose water. Quantities above are two and one-half times amount required for usual family size.

Preparation—Make syrup that will crack when dropped in ice water. Whip the six egg whites until stiff. Add the six table-spoons sugar and whip. Then whip in the baking powder. Whip in the syrup until all taken up and it will hold its shape when lifted up on the egg whip. Then whip in the three extra unbeaten egg whites and rose water. If weather is damp it may be well for the amateur to add first about one-half of the egg white, whipping up lightly, later adding balance.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give

CARDUI The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.
